EDUCATION

National Research University Higher School of Economics

2021 - 2023 M.S., Computer Science

Financial University under the Government of the Russian Federation

Moscow, Russia B.S., Applied Math and Information Technology 2017 - 2021

Moscow, Russia

EXPERIENCE

National Research University Higher School of Economics

Moscow. Russia

Visiting Lecturer · Contract · (University Teaching, Student Leadership)

Jan 2023 - Now

Teaching Data Science in Python.

Domclick Moscow, Russia

Senior Data Scientist · Full-time · (Python, PyTorch, Docker)

Aug 2022 - Now

Technical leading, audit and optimization of document processing deep learning pipelines.

Developing of time to market and costs reduction automatizations, better explainable AI modules.

Moscow, Russia

Deep Learning Researcher · Part-time · (Python, PyTorch, W&B)

Nov 2021 - Aug 2022

Researched on uncertainty estimation of deep neural networks at Sberbank Al Lab.

S&P Global Moscow, Russia

Senior Data Scientist · Full-time

Mar 2022

o Information retrival semantic search team. 🗞 goldfire.ai

Early leave due to problems with visa and relocation from Russia.

Moscow, Russia Dbrain

Data Scientist · Full-time · (Python, PyTorch, Docker, FastAPI, Redis)

Nov 2020 - Feb 2022

 Performed large-scale image data analysis and developed effective neural network for string segmentation, document localization, character classification, handwritten text recognition.

Moscow Institute of Physics and Technology - MIPT, Phystech

Moscow, Russia

Computer Vision Researcher · Contract · (Python, PyTorch, Docker, RabbitMQ, AirFlow)

Mar 2019 - Feb 2021

- I developed a framework for data parsing from MOBA game broadcasts (OCR).
- Worked on MMA fight simulation pipeline including pose tracking and action recognition tasks.

Glencore Moscow. Russia

Junior Developer · Part-time · (Python, Django, VueJS)

June 2018 - Feb 2019

- o Worked in a team involved in the integration of data science into non-ferrous metallurgy enterprises, I was having to take business trips to the factories in eastern Kazakhstan.
- o I developed an electronic journaling system for data collection for Kazzinc mining company, that was supposed to replace paper logs.

Central Bank of Russia Moscow, Russia

Software Engineering Intern · Internship · (Python, Django, SQL)

Nov 2017 - May 2018

o Did backend for the information administration system, that replaced Excel spreadsheets and helped speed up the work of the department.

EXTRACURRICULAR ACTIVITIES

Kaggle | Competitions Expert %

- G2Net Detecting Continuous Gravitational Waves (top 3%).
- Santa 2022 The Christmas Card Conundrum (top 10%).

Sberbank x GSB hackathon | top solution 🗘

Made a model for prediction the probability of default of a company based on financial statements.
